## FEDERAL OPERATION OF RAIL PROPERTIES COST BILLION AND HALF

Report of Davis Writes Closing Chapter Of Greatest Venture of Government Into Business That Has Ever Been Attempted.

Washington, Jan. 20.—Writing the closing chapter to perhaps the greatest venture of government into business ever attempted, Director General of Railroad James C. Davis today reported to President Coolidge that federal wartime operation of the railroads had cost the American taxpayer \$1,674,500,000.

This stupendous total represents all losses—paid or estimated—incurred during the twenty-six months of federal control, and the claims sustained for the six month guaranty period which followed.

The bulk of the loss came in actual operation costs.

General Davis divided his figures into three groups, as follows: The loss during federal operation, \$1,123,500,000; the expense of the guaranty period (as estimated by the interstate commerce commission) \$536,000,000 and the amount required to reimburse short lines under the transportation act (also estimated by the interstate commerce commission) \$15,000,000.

A remarkable adjustment of the postwar claims of the carriers against the government is shown in the Davis report, however. Entering counter claims against the roads, the railroad administration's ledger shows in the final analysis a loss to the government of but \$48,574,901—a sum slightly more than six per cent of what the railroads originally claimed.

Late in 1920 the roads began to file claims for the balance alleged to be due them for the use and operation of their equipment, coupled with other claims for under-maintenance of equipment. The original claims totaled \$1,013,339,502.

Subsequently, these claims were revised downward to \$768,003,724 and the railroad administration on its own part entered counter claims of \$438,130,811.

The final adjustment shows a total of \$243,647,196 allowed the creditor roads and \$195,072,295 collected from the debtor roads. Separate settlement with 371 systems, many representing more than one company, were necessary to effect the liquidation.

In addition Davis showed that from now on the railroad administration will be an income producing asset rather than a liability. He reported assets of \$666,503,273 including \$491,814,473 of unexpended appropriations and \$174,688,800 of definite railroad obligations.

### FORMER XENIA MAN DIES IN CHICAGO

Charles Martin Poague 68, head of the real estate firm of McKay and Poague, Chicago, former Greene Countyman, died at his home in Chicago, Sunday, according to word received by local relatives.

Mr. Poague was born on a farm near Spring Valley and grew to young manhood there. He was graduated from Kenyon College in 1878, studying law in Cincinnati in the same class with Chief Justice William Howard Taft.

He went to Chicago in 1889, and entered into partnership with W. D. McKay, who died five years ago. Mr. Poague was one of the founders of the Woodlawn Trust and Savings Bank and Chairman of the Board of Directors at the time of his death.

A son, Lieutenant Walter S. Poague, was killed while serving in the aviation corps overseas during the war. A daughter, Mrs. Catherine Leffel, Chicago, survives.

Funeral services will be held in Chicago and interment made in Oakwood Cemetery, Chicago.

**WILL SEND BOOKS**

U. S. Senator Frank B. Willis will be glad to send a copy of the interesting Year Book of Agriculture for 1923, recently issued, to those who are interested. Just write him a card to Washington requesting the book. The Senator will also be glad to send a list of the valuable Farmers' Bulletins, from which selections can be made, on request.

**MINE WORKERS MEET**

Columbus, Jan. 20.—Routine business is scheduled to occupy the attention of the approximately 100 officials and other delegates attending the annual convention of the Ohio United Mine Workers which opens here today. Absence of big issues is attributed to the fact that the prevailing wage contract will not expire for two years yet.

ROTARY CLUB LEADERS CONFER

Thomas F. Barber, of London, England, one of the founders of the Rotary Clubs, is shown in conference with Dr. Gilbert J. Paley, president of the Rotary Club of Philadelphia. Dr. Barber had just addressed the Philadelphia Rotarians. He was a member of the executive committee that had charge of the recent International Rotary Convention in Scotland.

## DOROTHY ELLINGSON HAS NOTHING IN COMMON WITH LOEB AND LEOPOLD SHE DECLARES FROM HER CELL

### SILENCE GREET RESIGNATION OF SOVIET TROTZKY

London, Jan. 20.—The absence of detailed news from Moscow, following the resignation of Leon Trotsky, as soviet commissar for war, was termed "significant" today in diplomatic circles.

With the exception of a brief announcement that Trotsky had resigned and his resignation had been accepted, little, if any information has come out of Russia.

A brief press dispatch today said: "The Trotsky resignation was received with calm by the population."

It was reported that the peasants of Ukraine were revolting as a result of Trotsky's resignation. It was also reported that new rebel bands were making headway in Turkestan.

The Daily Chronicle said today that Trotsky was virtually in exile outside Moscow. He was said to be surrounded by spies and all of his supporters were either exiles or under surveillance. The Chronicle added that the situation in Russia was "at fever heat."

### Improper Nourishment Is Blamed For Ellingson Case

By EDNA PURDY WALSH  
Character Analyst  
Written for International News Service

Chicago, Jan. 20.—We never find a well-nourished criminal! We do not find people who have every one of the sixteen chemicals of the body in their proportionate amounts committing murder.

The rising generation is a starved race—getting hungrier and hungrier.

The more we take the nourishment out of our food—the whiter we make our bread and flour—the more we expect neuroasthenia, perversion, murder, irritability and incorrigibility among our youth.

We cannot take the long narrow face of Dorothy Ellingson and say: "You alone are responsible for the murder of your mother."

I can give you limitless reasons why she temporarily saw her mother as a spirit of the dark ages through her blinded, starved nervous system and why she grabbed a revolver and shot her.

But first let me say that Dorothy is a hungry girl. She is a type that needs a great amount of phosphorous in her food. She takes up more of that element than any other in her brain and body makeup. Her cells were "born" that way.

Give the girl white bread, booze, macaroni, polished rice, consisting mainly of spindles, worthless carbon and deprive her of the vitamins in raw vegetables, raw eggs, orange

### "Jazz Baby" Who Shot Mother Receives Many Messages, Including Bibles and Prayer Books—Doesn't Want Darrow.

San Francisco, Jan. 20.—Dorothy Ellingson, "jazz baby" who shot down her mother from behind, thinks like Kid McCoy, she "has nothing in common with Nathan Leopold Jr. and Richard Loeb, the Chicago youths who killed for a thrill."

"I should say not—my case is not like that of Leopold and Loeb," Dorothy said today, "and I wouldn't have Clarence Darrow for my attorney on a bet. If they are thinking of getting Darrow for me they better stop right now. I won't have him at all."

Dorothy, her rust-colored bob matching her suit—almost the same color—cried less today and appeared to be happier, as she surveyed stacks of mail, sent to her from all parts of the country and gifts of Bibles, prayer books, fruits and flowers. A stream of letters and messages of friendship reached the jazz maniac, during the day.

One church and several mission workers' societies were among those writing to Dorothy. They urged her to take up religion and "save her self from hell."

"I tried to read the Bible today, but I just can't," Dorothy said frankly. Among the letters received by Dorothy was one from "Daddy Docoling," an 83 year old grandfather of Los Angeles. He begged Dorothy to "try

the other side of life" across the letter was written: "let him among you who is without sin, cast the first stone."

Another letter was from "a friend" who said she should be in a similar situation. "Your mother knows and forgives you," the letter said. Dorothy placed this letter within the breast of her blouse.

Today's turn of events indicated the jazz maniac would gain her freedom after spending seven years in the girl's school at Ventura, Calif.

Attorneys for the two sides, following arguments on the question agreed and Dorothy will appear tomorrow for preliminary hearing in the juvenile court.

This will mean the girl probably will state off a long prison sentence. Thursday morning after hearing in juvenile court, she will have her case automatically turned over to the juvenile branch again for disposition. Then under the California law, the limit sentence for the girl would be detention in the Ventura girl's school until she is 23 years old.

### BREAD MAY GO UP! BAKERS IN SESSION

Columbus, Jan. 20.—Opening session here this afternoon of the Ohio Bakers Association's annual convention in Hotel Fort Hayes is to be marked by addresses by Congressman Sidney Anderson, Chicago, president of the Millers' National Federation; Miss Minnie Morris, Chicago, associate editor Bakers Helper and by Sterling Donaldson.

Executives of the bakers club, including E. F. Weber, Canton, and Paul R. Rennard, New Philadelphia, are to submit reports.

Dancing will follow a dinner tonight. Business sessions will also be held Wednesday.

of the office of F. A. Jackson, county treasurer, rushed the staff of employees all during the period of collection and resulted in them remaining in the office until 9 o'clock Monday night to check up receipts.

There were bankers and manufacturers, and business men and farmers and property owners, pressing their checks through the iron-grated windows in contrast to widows and those of humble circumstances doling their tax money out from tiny pocketbooks, where it had been meagerly hoarded since the last collection time.

And there were new checks from building and loan associations where the funds anxiously saved up, were rife that the business of the government may be carried on successfully.

Employees of the treasurer's office, one at each window, entered into a dizzying monotony of reaching for receipts in their alphabetical files, accepting the money and stamping the receipts "paid." There was never a moment when the procession before the windows flagged. At times during the day taxpayers went into the office

Money, money everywhere, and not a cent to spend! Stacks and stacks of silver and neatly tied packages of paper certificates so that the whole table is covered with money.

Money—\$14,000 worth of it—being probably the largest amount of actual cash ever taken at the office of the county treasurer. It represented part of more than \$76,000 in tax receipts received at the office Monday in one of the biggest days the office has ever experienced.

For Monday was the next to the last day of the tax collection period, and taxpayers hurried to the window to lay their offerings in payment for immunity from the law and the delinquent list. Saving their funds to the last minute, they stormed the lobby

## FIRST WOMAN GOVERNOR WIFE OF IMPEACHED CHIEF

Believe Ex-Governor Will Be Real Head of State Government—Fergusons Deny This However—Woman Is Inaugurated.

Austin, Tex., Jan. 20.—Texas today began an experiment unexampled in the political history of the United States.

The precedent was not so much in the inauguration today of Mrs. Miriam A. Ferguson, as the first woman governor of the state as in the belief generally expressed that her stewardship will be more specious than solid, that her husband, ex-governor John E. Ferguson, impeached six years ago, will be in reality the chief executive of Texas—"the ruling power behind the throne."

Mrs. Ferguson is not the first woman governor in the country. She lost that honor to Mrs. Nellie Taylor Ross of Wyoming. But it is certainly unusual if one should be governor in name but not in fact.

The Fergusons themselves were the first to deny that Jim will be governor in his wife's name.

"That is absolutely unfair and there is not a word of truth in it," declared Ferguson. "I will help my wife, of course, but she will be governor in every sense of the word. Time will prove that statement. Mark what I say."

Because of his previous experience as Governor, Mrs. Ferguson declared that naturally she would consult her husband frequently on matters of state. Just the same Ferguson was subjected today to a great deal of jesting at the hands of his friends, called "crown prince," "prime minister," "chief consort," etc.

Time only can tell whether Ma Ferguson, center of one of the bitterest political fights in Texas, a state fierce in political struggles, will be a "puppet" governor, or chief executive in name as well as in fact of the biggest state in the union.

The Fergusons today took up residence in the executive mansion from which they were driven by "Jim's" impeachment. Ferguson will live there during his wife's reign but will not have an office in the capitol. Because of his impeachment, he is not permitted to hold state office.

Down town Ferguson has established an office. He announced he has received a retainer from Sugarland, Texas, people and will devote himself to their interests. He will also carry a key to the executive office. Those who say that Ferguson is "the real governor," point to the campaign, which resulted in Mrs. Ferguson's election. Ferguson himself first tried to run for the position. Courts refused to let his name go on the ballot because of his impeachment record. He immediately placed his wife in the field.

### REFUSE TO PERMIT MEN TO TESTIFY

Columbus, O., Jan. 19.—Claiming such procedure would result in substantially an endless probe, the state utilities commission overruled the proposal of Attorney Carl Shuler, Toledo's law director, that field men, who assisted in making the Ohio Bell Telephone Company's inventory of its properties, be called upon to testify as to facts bearing upon the inventory.

The commission's ruling was made in connection with its hearing, being held today, relative to its investigation of telephone rates and facilities throughout the state.

On the witness stand George B. Williams, the company's appraisal engineer, declared that the inventory covers 6,000 miles of toll lines and that 25,951 man-days and 2,000 days' use of motor vehicles were required in completing the work.

**KILLER PARDONED**

Columbus, Jan. 20.—Through a pardon issued by Governor Donahy, Henderson Bandy, Columbus, convicted of murdering Charles Day, Chillicothe taxi driver, is at liberty today after being confined in the penitentiary since July 1919.

The governor was informed that Day cannot live long because he is afflicted with cancer.

### "He'll Answer Aplenty," Says Pretty Wife

Mrs. VERA SHEARER

Two years ago Vera and Henry Shearer lived in New York, where she ran a tearoom and he sold pianos. Last July he got a Chicago divorce, charging desertion and misbehavior. One of the witnesses was Emmeline Hammond, whom he later married, and moved to Indianapolis. Now Vera has gotten Judge Joseph Sabath to set aside the divorce decree on the grounds she was never served. "He'll answer aplenty," she told the court.

**EXPERT ON SWEET CLOVER COMING HERE**

Sweet Clover is by far the most important new crop which is being grown in Ohio today, according to Ford S. Prince, County Agricultural Agent.

Because it is new and because many facts concerning it are not generally known, the Greene County Farm Bureau has arranged for a series of schools to be held throughout the County during the week of January 26 to 31.

J. Slipper, soils and crops specialist of the Ohio State University, will be the instructor at all these schools.

Every farmer in Greene County is invited to the meetings, to learn about sweet clover, and to turn in his experiences in growing the crop if he has ever tried growing it.

## BROTHERS DIE IN HOUSE FIRE AT PROVIDENCE

Mother Tosses Other Children Thirty Feet To Safety.

Providence, R. I., Jan. 20.—Two boys were burned to death, when fire destroyed their home here today. The victims, trapped in an attic room, were Walter Browning, 13, and brother, George, 10. Their mother saved her four other children by dropping them thirty feet from a window.

They are Joseph, 6 months, Anna, 4 years, Virginia, 6 years and John, 15 years old.

Mrs. Browning's clothes took fire and she jumped from a window.

Three policemen who tried to reach the attic room were overcome and rescued by firemen.

Neither Mrs. Browning nor the four children she dropped from the windows were injured. The six months old infant landed comfortably in its crib.

## VICTIMS OF OSBORN CROSSING TRAGEDY SHOW IMPROVEMENT

Six other persons who were in the machine with Clarence Brown, 24, Covington, O., who died in Miami Valley Hospital, Dayton, Monday morning, from injuries received when the automobile was struck by an I. C. & E. traction car in Osborn early Monday morning, are expected to recover from their injuries.

Brown died a few minutes after an ambulance reached the hospital with him. Doyle Thompson, son of Mr. and Mrs. Harvey C. Thompson, who were also occupants of the machine, is suffering from a fractured skull and internal injuries and is the most seriously hurt.

Mrs. Mildred Brown, wife of the dead man and their year-old son, Paul, are suffering from serious injuries but have a chance to recover. Mrs. Thompson and her four-year old daughter, Fern, are suffering from severe cuts and bruises.

Thompson, driver of the machine, escaped with slight cuts and bruises. He said he did not hear the warning whistle of the traction car and that his view of the tracks was obstructed by a cement block house.

Conductor Wright and Motorman Gosnell, both of Springfield, reported to traction officials upon their arrival in Dayton that proper signals had been given for the crossing and submitted a list of eye-witnesses to bear out their statements. Gosnell said he did not see the automobile until it was too late for him to bring his car to a stop.

Thompson and Brown had gone to the Southwestern Portland Cement Company at Osborn in search of work and were returning to their homes with their families when the accident happened.

Thompson said they were traveling "a fair rate of speed" when they struck the car. The curtains on the automobile were drawn up when the traction car loomed in front of the driver.

The machine struck the rear steps of the traction car, rebounded and hit a telephone pole, where Brown received a fractured skull, which caused his death.

## Money Flows In Treasurer's Office As Last Collection Day Nears

### HATCHERY EXPERT IDENTIFIED WITH XENIA STORE NOW

Leland Cramer, Buffalo, N. Y., authority on poultry raising and author of numerous articles on the subject, has become identified with Babbs Hardware Store for the purpose of creating enthusiasm in the poultry business in Greene County and establishing a large hatchery here. If future plans meet with the expected success, Mr. Cramer may become permanently located in Xenia, he announced Tuesday.

Mr. Cramer brings with him the largest and most modern incubator yet manufactured, known as the Buckeye Mammoth Incubator, manufactured in Springfield, which has an egg capacity of 10,368.

Featuring the up-to-date machine are electric fans which take the place of the hand cooling process formerly used, the automatic thermostat which regulates the heat by expansion and contraction, moisture pans and modern heating system.

Mr. Cramer has written several articles on small chick diseases, rearing of baby chicks, culling and incubation, which were published in agricultural pamphlets.

Mr. Cramer declared conditions are ideal in Xenia and Greene County for establishing a large hatchery, and making a center of this industry.

### MASONIC OFFICER TO TALK IN XENIA

Mont Hambricht, a high officer of the Grand Chapter, Royal Arch Mason, will address a meeting of the Xenia Chapter No. 36 R. A. M. at the Masonic Temple on Masonry in general Thursday evening.

A full attendance of members of the Chapter is desired as Hambricht's talk will be important. A refreshment course will be served in addition to the regular activities of the Chapter.

### CENTRAL P. T. A. TO GIVE LIBRARY FUND

The Central High Parent-Teacher Association will give \$200 to the school library, it was decided at the meeting of the organization in the school cafeteria, Monday afternoon.

The money is to be used to purchase books for the library and will be turned over to a committee composed of Mr. W. C. Boyce, Mrs. Thurman Early and Mrs. J. O. McDorman. Money in the treasury of the association, totalling \$49 was given to the committee and the organization will attempt to raise the remainder of the fund.

Mrs. J. H. Benbow, president of the Federated P. T. A., explained how the money obtained by the organization from the sale of anti-tuberculosis seals, was to be used solely for health work or preventative health work. Forty-three dollars given to the Junior and Central Hi P. T. A.'s will be used in equipment for the Central gymnasium.

Miss Fannie K. Haynes gave an interesting talk on the importance of proper reading for young people and urged the teachers and parents to supervise their reading.

### Thousands Dangerously Weak After Flu and Grippe

Tells How To Quickly Get Back Needed Strength Appetite and Vitality.

Reports tell us that in one state, tens of thousands of people are "all too slowly" regaining their health and strength after illness.

Influenza and Grippe are insidious diseases, that nine times out of ten strip their victims of strength, vitality and power to endure any ordinary strain.

Even a heavy cold or a lingering cough may sap a man's strength so tremendously that he despairs or ever being strong enough to go to work again.

People in this deplorable condition should know that the greatest builder of strength in weak, rundown, tired out people is Cod Liver Oil—it's full of the best health building vitamins, as any doctor or chemist will tell you.

But it's loathsome stuff to take—the taste nauseates—the smell disgusts and repulses.

That's why millions of people are

### HILLSBORO DEPUTY SURVEYOR SHOT TO DEATH BY ROBBERS

Xenia police have been asked to watch for two highwaymen who shot and killed Harry P. McGill, deputy county surveyor of Highland County, and shot and seriously wounded E. W. Lemon, merchant policeman at Hillsboro early Tuesday morning when the officials were transferring the robbers to the county all at Hillsboro. The two men turned and fired on Lemon and McGill and fled in McGill's automobile in the direction of Cincinnati.

Lemon and McGill were passing the Hillsboro Hardware Store at 6 o'clock Tuesday morning when they noticed two men attempting to force an entrance by breaking the window lock.

After fighting the would-be robbers away, McGill and Lemon followed in McGill's car. Coming upon the men asleep in their car, they apprehended them for weapons as when they ordered them out of the machine, preparatory to locking them up in the county jail, the captives opened fire, killing McGill and shooting Lemon twice in the left shoulder and wrist.

The men when last seen were between Blanchester and Wilmington. A description of the car has been telephoned to police in cities in this part of Ohio.

Lemon will recover, according to hospital attaches at Hillsboro. Twenty-two watches, dynamite and fuses were found in the robbers' machine along with several packages of clothing recently purchased in Cincinnati. No description of the men was furnished. The men escaped in a Hudson touring car, with a 1924 license plate, bright red wheels and a California top. The license plate number is 90.157.

### HELD ON CHARGE OF CORN STEALING

Elmer Sharp, 44, and Raymond Taylor, 21, Chillicothe, O., were traced to Jamestown by Mt. Sterling authorities on a charge of stealing a number of sacks of corn, and arrested early Tuesday morning.

They had driven to Jamestown in a Ford truck in which were found seventeen sacks of corn. The two men were lodged in the Jamestown Jail, until they could be arraigned.

Mrs. L. S. Barnes, East Second Street, returned Sunday night from Cincinnati, where she has been with her daughter, Miss Ruth Barnes, who underwent an operation recently, at Christ Hospital. Miss Barnes is recovering nicely.

Forest Kennedy, Cedarville, may not live to face the first degree murder charge for the slaying of his wife at their home in Cedarville, January 3.

The abscess which developed on the self-inflicted wound above his heart is threatening to prove fatal, and although his condition was unchanged Tuesday, hopes for his life are diminishing.

Kennedy's condition became worse the same day that he was indicted for first degree murder by a special session of the Grand Jury.

The Inside Of The 1900 Tub Is Important

Because its tub is free from inside devices, thus enabling more clothes to be washed at one time, and because the double action of the 1900 Cataract flushes more water through the clothes per second than any other washing machine known.

Even the dirtiest cuffs will come out spotless due to the powerful action of the suds forced through them. Yet not a single device as much as touches the clothing. There is no pounding, hauling or stamping, no machinery to adjust, nothing to remove or clean. That is what CATARACT means.

The 1900 Safety Wringer

An absolutely safe metal wringer, an exclusive 1900 invention. Wrings at any angle. Positive pressure release open rolls in a second. No thumb screws to adjust. Rolls are of soft rubber and cannot break buttons. Automatically equalized so that the heaviest blanket and flimsiest handkerchief may be wrung at opposite ends of the rolls simultaneously.

Only \$5.00 Down. Whole year in which to pay the balance.

## A CHANGE OF VENUE

In legal terms, when the scene of a trial is changed from one place to another, it is called a change of venue, the word being from the French and meaning the place of action of a legal case.

Nature may be responsible for a change of venue for Forest Kennedy, Cedarville wife-slayer, who attempted suicide. Complications that have set in his self-inflicted wound, may be responsible. If they produce death, Kennedy will be tried by a Heavenly Judge, rather than by a court of his fellow men.

If Kennedy lives, he will face an indictment returned by a grand jury for first degree murder. Then he will come before the court to plead under that indictment and should his plea be "not guilty" he will be granted a trial by jury and legal counsel provided to defend him against the prosecution of the State.

Kennedy's legal counsel will then, by every artifice known to the profession of law, attempt to obtain for him a light sentence. Emotions of human kind will be played upon in order that mercy shall be permitted to dictate a less strenuous penalty.

Should Kennedy die from the effect of an abscess that is now threatening to cause death, he will face a court of one Judge. There will be no counsel to defend him and none to plead in his behalf. Before this Judge he will stand stripped of the shielding influences that would exert themselves in an earthly tribunal.

Kennedy has been quoted as wishing to die. If he does, the law of man will be cheated and the slayer hastened unprepared before the last court. A change of venue that no man should wish to face unprepared.

## GERALD CHAPMAN

Gerald Chapman, the super-desperado, who escaped from prison in 1923, was re-captured at Muncie, Ind.

Now then the fate of Chapman, is proof of the adage that a man's sins will find him out. The arch-criminal was clever enough to make his escape from prison, and to evade the police of the cities for almost two years.

Then, apparently secure in the little Indiana town, he was recaptured. His re-arrest should teach Chapman two things:

That there can be no peace or happiness for the criminal, and That the existence to be purchased with a life of crime exacts more payment than it is worth.

## ECONOMY

When the elder J. P. Morgan remarked that he could run the United States as a business proposition and save a million dollars a day he was not taken seriously. Nevertheless, the great business of cutting out waste has gone and today it is a standardized part of successful administration in all lines. Secretary Hoover now declares that merely by ending certain great economic wastes some of our toughest problems would be solved. The farmer, he says, does not need spectacular and magical assistance from the Government, but the elimination of waste and lost motion in the ordinary conduct of the machinery of production, finance and transportation. Speculation, periodical slumps, lack of co-ordination between industry and transportation, bad credit systems, destructive competition and bad judgment in choosing and handling raw materials—these are all set down by Mr. Hoover as so many parts in our national system of waste.—Philadelphia Public Ledger.

The relation, if any, between loud neckties and breach of promise suits has never been worked out to our satisfaction.—Cincinnati O., Times-Star.

## WHEN I TRY TO SCOLD

I'm not much good at scolding, and I'll tell the reason why; I just can't stand to see her when she puckers up to cry; Now her mother can control her, but the minute that I speak A little sharply to her, all the sunshine leaves her cheek And her lips draw down in terror and a big tear fills her eye, And I just go all to pieces when she puckers up to cry.

'Twas the same thing with her brother, He could laugh his mother down, And he wasn't scared of scolding, and he didn't mind her frown, And he'd never make a whimper when she'd tell him what was what, But if I'd snap out an order, he'd stand rooted to the spot As if thunder bolts had fallen from a clear and sunny sky, And you'd think his heart was broken as he puckered up to cry.

## NOBODY WANTS MONEY

St. Clairsville, Jan. 20.—That \$5,443.03 is to be had for the asking—by the right parties—is the information contained in the annual report of the Belmont County Sheriff's office. During the past five years, this money accumulated as unclaimed funds due from sheriff's sales and other court actions, the beneficiaries failing to put in their appearance. Of this amount, \$2,000 awaits one man who is said to be facing arrest, on a felony charge, if he returns to claim the money.

## PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

## HEARING ON RIFLE THEFT POSTPONED

Preliminary hearing of charges of stealing government rifles from the armory at Wilberforce University against six Xenia and Greene County colored men, set for Monday, January 19, before United States Commissioner Andrew S. Iddings, in Dayton, has been postponed until Monday, February 2.

The six men, William Anderson, Paul and Charles Rountree, C. H. Scott, E. L. Sullinger and Clarence Carleman, arrested Monday, January 12, by United States Marshall Carson Pratt, and his deputy J. H. Wagner, assisted by the sheriff's office, were released under \$1,000 bond when they were arraigned the same day in Dayton.

Anderson is said to have stolen the rifles and the other men are accused of buying them.

## Today's Talks

## IMPRISONMENT

Sometime, "when Truth gets a hearing," there are going to be no more prisons in which to shut up human beings.

It is because of this archaic idea that we are ourselves mostly imprisoned in thought and conduct.

There are very few free human beings in this world. And when one does come along who glories in his freedom and who thus breathes cleaner air than we do, we have our suspicions and put him down at once as strange, queer and unnatural—and sometimes as unwholesome.

But the fact remains that most of us live in prisons of our own and other's making.

Prisons are supposed to exist to protect society that is made up of individual items unconcerned about protection for themselves?

If we live in a glass house we have to be careful and watchful about those who may break loose from their stone steel prisons.

Just the minute that a human being does wrong he puts himself in prison. Also he manufactures wrong just the minute that he puts himself in a prison without cause. And we are all of us every day putting ourself in prison.

Imprisonment is the curse of personality.

Freedom is the flower of personality. Its fragrance penetrates everything about it and scents up the atmosphere of the world.

Prisons are built from little and

big stones of thoughtlessness, thoughts of revenge and unkindness. When we throw harm we blind think that we are hurting the other fellow. We are putting ourselves in prison. The other fellow is the first one.

When civilization comes of age will tear down its jails and prisons, schools, playgrounds and flower beds in their place.

## SIMMONS VARSITY GIRLS LOSE TILT TO WILBERFORCE

In a preliminary to the Wilberforce and Simmons University game Monday night the Wilberforce University girls defeated the Simmons girls by a 24 to 13 score in a fast and hard fought contest.

This was the second win for the Wilberforce five this season having defeated the Douglas five of Cincinnati, last week by a 25 to 7 score.

Curtis, Scales and House played best for the winners while Leach, at center for the losers was the high light of the game looping the ball through four times from the field and three times from the foul line.

Lineup and summary:

Wilberforce (24) Simmons (13)  
Watson RF Ralston  
Curtis LF Leach  
Gaston C Diggs  
Scales RG Jackson  
Simpson LG  
Substitutions: Wilberforce—Harris for Gaston, House for Scales. Slaughter for Watson; Simmons—Hancock for Jackson, Clay for Tribble. Field goals—Curtis 3, Scales 2, Slaughter, Harris, House 2, Ralston Leach 4, Diggs, Jackson. Foul goals—Curtis, Gaston 3, Slaughter, Harris, Leach 3, Jackson. Referee: Creswell of Cedarville College. Time of quarters: 10 minutes.

## POLICE PLAN TO ENFORCE AUTO LAW WEDNESDAY

Chief of Police M. E. Graham issued a police order Tuesday to all patrolmen, to arrest automobile drivers still using 1924 license tags Wednesday.

Tuesday was the last day allowed by law on which an automobile could be driven with an old license.

No extension of time has been ordered by Thad H. Brown, secretary of state. Violation of the law carries with it a stiff penalty and offenders arrested will be prosecuted under this section in Police Court, according to Chief Graham.

Police have orders to be vigilant on the check up of 1924 license tags beginning Wednesday morning. Diver Belden, deputy registrar for Xenia, believes many motorists have not yet been supplied. Licenses can be obtained at the office of The Greene County Automobile Club or in the Regal Hotel.

## Junior Cross Word Puzzle

### HOW TO SOLVE PUZZLE

The words start in the numbered squares and run either across or down. Only one letter is placed in each white square. If the proper words are found each combination of letters in the white squares will form words. The key to the puzzle—the first word—is given in the drawing. Below are keys to the other words.

### (RUNNING ACROSS)

Word 1. A girl grown up.  
Word 4. What you feel like doing when you hear lively music playing.  
Word 5. A famous American general in the Revolutionary war, affectionately known as "Mad Anthony."

### (RUNNING DOWN)

Word 1. A woman whose husband is dead.  
Word 2. You cannot get anything at a store without it.  
Word 3. What relation to your father is the daughter of his brother?

## WILBERFORCE BASKETEERS SINK SIMMONS UNIVERSITY FIVE 37 TO 21 FOR FIFTH WIN

By L. J. WONES

Wilberforce University basketball team won its fifth game of the season Monday night at Wilberforce when it defeated the Simmons University team of Louisville, Ky., 37 to 21.

Simmons presented a light, small and fast combination and at the outset of the game made Dean Mohr's lads step plenty fast but as the game progressed and Wilberforce used many substitutes, the visitors were worn out.

Wilberforce had a little difficulty finding the hoop in the first half but at the start of the second period, with Ward and Lewis doing about all the scoring, they took a commanding lead.

Lewis and Ward starred for the winners. The first named lad was

high man with seven baskets from the field and two fouls while Ward caged the leather half dozen times from the field. Redden played well at left forward and got a pair of fielders and tossed one foul. Willard, at left forward for Simmons, was the shining light for his team with five buckets from the field.

Dillard was first to score with a fielder but Lewis evened things up several seconds later with one from the field. Lewis tossed another fielder and made good on two fouls giving his team a four point lead. Harding fouled Wood and he made good on the throw. Brown made a basket that brought his team within one point of Wilberforce. Redden and Ward made baskets doubling the score on Simmons. Dillard made a short one from the side while Wood dropped one through from the center of the court. The score at this stage was Wilberforce 10, Simmons 9.

Lewis tossed a nice one through from a difficult angle and Brown scored from the field. Dillard looped a long one through putting his team in the lead by a lone point. Lewis then duplicated his feat but Hall tossed one through again giving Simmons a one point lead. Dillard fouled Evans and he dropped both in from the foul line giving Wilberforce a 16 to 15 lead at the half.

At the start of the second half Wilberforce came to life. Harding started the scoring with a fielder. Ward was next with one and Lewis made two in succession. Redden tossed a short one and this seemed to be the starting signal as Ward and Lewis made them from all angles. Besides scoring twenty-one points Mohr's lads held the visitors to two field goals.

Wilberforce will play the Baltimore Athenians Saturday afternoon at Wilberforce.

Lineup and summary: Wilberforce (37) Simmons (21)  
Lewis RF Brown  
Redden LF Dillard  
Ward C Wood  
Huff RG Mimms  
Harding LG Parent  
Subs: Wilberforce—Evans for Lewis, Washington for Redden, Slater for Ward, Ward for Slater, Thompson for Huff, Harris for Harding. Simmons—Hall for Brown, Brown for Hall. Field goals—Lewis 7, Redden 2, Ward 6, Harding 5, Wood, Brown 2, Hall. Foul goals—Lewis 2, Evans 2, Redden, Brown 2, Wood. Referee: Creswell of Cedarville College. Time of halves: 20 minutes.

## ANTIOCH VARSITY WILL PLAY URBANA COLLEGE THURSDAY

Coach Prugh's Antioch College five will attempt to add another win to its growing string of victories when Urbana College is met Thursday night on the Urbana floor.

The gold and blue team is primed for the tilt and after being licked by Denison University staged a fine comeback and beat Ohio Northern, 33 to 24.

Merrill Dawson, lanky center and guard, has been the outstanding star on the Antioch team this season. In fact the entire Dawson family forms the nucleus of both the boys' and girls' teams at the college.

Merrill and Clyde play on the male aggregation while their two sisters, Charlotte and Anna, are luminaries on the girls' varsity. They are following in the footsteps of their father, Professor C. M. Dawson, who in his college days, was an all around athlete at Antioch.

Other teams remaining on the Antioch basketball schedule for 1925 are Miami at Antioch, January 30; Capital at Antioch, February 4; Cedarville at Antioch, February 16; Wilmington at Antioch, February 24; Capital at Columbus, February 27.

## Sporttime Stories

BROADCAST BY STATION

WONES

"Buck" Harris, 29 year old manager of the Washington Senators, world's professional baseball champions, was about the only manager in the majors to succeed in strengthening his club during the winter meetings. The champions secured Mike McNally from the New York Yanks and the veteran Stanley Coveleskie from the Cleveland Indians in exchange for three rookies, a pitcher and a couple of outfielders.

It was lack of good reserve strength that was one of the weaknesses of the Washington club in the past season. He had to call upon Peckinpaugh, who was hurt, to fill in the series. McNally is one of the best utility men in the junior loop.

The Cubs and Pirates made an exchange, the former trading Aldridge, Grantham and Niehaus for Cooper, Maraville and Grimm. Jack Hendricks, pilot of the Cincinnati Reds, tried hard without success to land "Bil" Terry or Long George Kelly from the Giants. Hendricks said he could win the pennant with a good first baseman. Rube Bressler has now signed a contract for a year to play the first station for the Reds. Bressler has played the outfield and also worked at first several times.

Young Frank Gotch of Kansas City, Mo., champion wrestler of the Middle-west, sustained a broken ankle last Tuesday night at Springfield at the Moose Hall when he was grappling with Young Sandow of Ironton, O. in the main event. Gotch appeared here in this city a week ago Monday night with Bull Gossard, whom he beat. Gotch was to have wrestled in the next show but owing to the injury to his ankle it is doubtful if the show will be put on.

## PLANS COMPLETED FOR LEAGUE DINNER

Arrangements have been completed by the Social Service League to hold the lecture and business meeting following the annual banquet, in the Jean B. Elwell Auditorium, at Central High School, Tuesday evening. Dinner will be served at 6 o'clock in the cafeteria of the school and the lecture by Dr. C. E. Turley, of Dayton, and the business meeting will be held about 7 o'clock. Anyone who is unable to attend the banquet is invited to attend the auditorium session.

## "CAP" STUBBS—Mebbe Gran'ma Never Wuz A Little Boy

## STEPS TAKEN TO STIMULATE INTEREST IN SCOUTS HERE—COURT OF HONOR NAMED

First steps to stimulate Boy Scout interest in Xenia and recruit the two troops to their maximum strength was taken recently when a colorful Boy Scout poster was placed in the vacant lot adjoining the Chase Publishing Company by the State Poster Advertising Company. The space was contributed by local supporters who desire to see the scout movement furthered.

Dr. H. C. Messinger, S. N. McClellan and the Rev. W. H. Tiltford have been named on an examination committee or scout court of honor for the ensuing year, meeting once every two months to examine those members wishing to pass merit badge tests.

For this reason it is hoped that members of both troops will study up on any subject they wish to pass as these tests mark the real progress in scouting, according to Scoutmaster R. H. Kingsbury and re-registration work will probably get under full swing next week, he said. The registration fee is fifty cents.

Troop No. 1 will hold its regular

meeting at the Parish House, Tuesday night at 7:30 o'clock followed by basketball practice at the Central High School gymnasium.

### HIGH SCHOOL NOTES

Monday at an assembly in the high school auditorium Coach John Ballantyne presented letter certificates to 17 members of last year's football squad.

Coach Ballantyne said that although the team passed through a very unsuccessful season the boys had been out every night had taken many hard knocks and deserved a great deal of commendation to play game after game on a losing squad.

Allen Zell, retiring captain, was given the first certificate and Robert Chitty, captain-elect, received the second. The other members receiving certificates are: Eugene Perrine, William Honren, Arnold Boxwell, Ira Towles, Thurman Wakeley, Edgar Holton, Paul Sphar, Don Jenkins, Louis Buell, Max Marshall, Wendell Smith, Harvey Edwards, Fred Scurry, Harold and Howard Jordan and Charles Peters. George McKay was given a manager's letter.

The letters are to be large ten-inch chinchilla. Frank Tilton of

Tilton's Clothing Store donated the letters.

Following the presentation of the certificates Coach Earl Prugh of Antioch College, gave a short talk on athletics and how the athlete should keep in trimming. He gave four pointers that made a real football player, first, brains; second, speed; third, fight; and fourth, keep

ing fit. Short talks by "Doc" Zell and Bob Chitty followed.

## DOWN AND OUT MOTHER COMES BACK; SURPRISES ENTIRE FAMILY

She had worked, loved and was happy in doing for her children, and when she started to decline they were most downhearted and willing to do almost anything to make her last years happy and free from worry and illness. Nothing they did seemed to help—doctors, medicines or rest gave no results.

Finally, when all were about despair with worry a neighbor induced them to try Kath, as it had worked such wonders with her mother. Ready to grasp at any help they got a supply and the way their mother improved from the start was almost too good to believe. It was only about six weeks before she had completely recovered and was doing her housework, happy and contented, as of old. It sure was a happy and reunited family and they are all recommending Kath to their friends now.

Doctors the world over will tell you that Kath, composed of fresh extracts of Glands, Phosphates, Iron and Herbs, will build up and restore strength and energy against old age and nervous breakdowns. One of

our leading physicians says: "The results I have obtained with Kath gland tonic have been wonderful; especially with elderly men and women where it was necessary to build up strength and revive bodily functions, Kath has given them renewed youth, life, strength and health."

"No one should despair or even think of giving up when they can build themselves up to healthy, vigorous womanhood and manhood and regain their strength, happiness and youthful appearance with only a few weeks' use of Kath."

Note—Kath is a scientific combination of the extracts of fresh, organic glands, vitamins, roots and herbs. Kath will both stimulate and enrich the glands, and organs to supply a greatly increased supply of nerve force and vitality.

Any one who, after a few weeks' use of Kath, does not feel better and look better in every way, can get their money back.

## "Not Possible To Classify"

Xenia, Ohio, January 20.—On a jaunt about town: So this is Xenia. My kingdom for a horse radish! Freckled face girls going to a beauty parlor. I think I'll like it here. Anyway I can have plenty of rope. And hang myself with my own free will and a cord.

Spindle-legged kids stealing puffs in back alley. Wonder if boys still smoke corn silks? Loud guffaws from idlers lining the curb. That woman chugging gum is as near perpetual motion as anything I have ever seen.

I'm one of the greenback lads I'm not registering any hopes of inheriting the earth. The only greenback I have is a Methodist hymnal. I owe everyone but my grocer. He wouldn't trust me. I'd buy a ham sandwich but I always eat the meat first and then don't know what to do with the bread.

Tin panny pianos grinding out rolls of jazz. And a young flapper thinking of moonlight waltzes and beach parties. Street lights pleading for tired souls. If I had a piece of small change I'd go to church. I can't afford to give this quarter.

Lights out. The hush of night. Shadowy figures trudging the streets. Soon time for alarm clocks. And the Morning Republican.

## Your Income Tax

No. 5

The term "earned income," in computing which the taxpayer is allowed on all net income up to \$5,000 and not exceeding \$10,000 a credit, of 25 per cent of the amount of tax, is defined by income tax regulations as "wages, salaries, professional fees and other amounts received for personal services actually rendered." However, there are thousands of cases of taxpayers engaged in a trade or business in which both personal service and capital are material income producing factors. In such cases it is provided that "a reasonable allowance in compensation for personal services shall be considered as earned income." It is further provided that the total amount treated as earned income from a trade or business shall not exceed twenty per cent of the taxpayer's share of the net profits of such trade or business. A "reasonable allowance for personal services" in general is interpreted by regulations to mean "only such amount as would ordinarily be paid for like services, by like enterprises in like circumstances."

The revenue act of 1924 provides for "earned income deductions." This means deductions which are properly allowable to or chargeable against earned income and which are allowable from gross income in computing net income. Notable among such deductions are business expenses. Frequently taxpayers receiving a salary may be compelled to use a portion in payment of transportation, advertising or for samples. Such items, which are necessary expenses in the conduct of a business, are properly chargeable against earned income. The term "earned net income," on which the credit is computed, means the excess of the amount of the earned income over the sum of the earned income deductions. Thus, a man who in 1924 received a salary of \$5,000 of which he paid \$500 for necessary expenses in connection with the business computes his tax on

earned net income of \$4,500, from which, of course, should be deducted his personal exemptions—\$2,500 for a married person, \$1,000 for a single person, plus \$400 for each dependent—in ascertaining earned income credit.

## MONEY AT WORK

Brief but Important Lessons in Finance, Markets, Stocks, Bonds and Investments

WHICH IS THE BETTER INVESTMENT?

EXTERNAL FOREIGN BOND

INTERNAL FOREIGN BOND

Bonds that a foreign country issues to sell outside its own domain are called external bonds; those sold within its territory, internal bonds. There is a difference in their safety.

The external bonds of foreign countries are better investments than the internal bonds. A responsible government, in case of financial difficulties, makes every effort to meet its external loan obligations first—to preserve its credit. Internal obligations may be deferred as they are presumably held by its own people.

In external loans the place of payment is usually specified now as in the country where the bonds are sold, not the issuing country; and in the currency of the buying country. This is important, because Americans and Canadians buying foreign external bonds in these days of fluctuating currencies wish to know that interest and principal will be paid in their own countries with their own stable currency. ## Coughs Always Dangerous—Quick Way to Stop Them

Chronic coughs and chest colds often lead to more serious trouble. Not only is the infection itself dangerous, but the continual coughing spells day and night so weaken your entire system that you can no longer fight off disease.  
So stop a cough the quickest way you can. To do this there is nothing better than Dr. Bell's Pine-Tar-Honey. Doctors say there is nothing like pine-tar extract to quickly loosen and remove the phlegm and congestion which are the direct cause of the cough, while the honey both gives a pleasant taste and helps soothe irritation. The quick relief to the stubbornest cough often seems almost magical.  
But be sure you get the genuine Dr. Bell's Pine-Tar-Honey, and no substitute. Dr. Bell's is the original pine-tar-honey and has been known for over a quarter of a century as the best. It is scientifically compounded of just the right proportions of pine-tar, honey and other quick-acting, healing ingredients which have best doctors have found to aid in quick relief. Contains no opiates or other harmful drugs, so can be given even to young children—safe for spasmodic croup. If you want the best, a medicine that often relieves the severest cough overnight, make sure you get Dr. Bell's. Only 30¢ at any good drug store.

## SICK WOMEN OF MIDDLE AGE

Can Be Carried Comfortably Over The Critical Period by Lydia E. Pinkham's Vegetable Compound —Note Mrs. Headen's Case

Macon, Georgia.—"During the Change of Life I suffered with my whole right side and could not lie on my left side. I was in bed about two months and could not get up only as my son would lift me. After doctoring without relief a man who was rooming with us told my son that Lydia E. Pinkham's Vegetable Compound cured his mother at the Change of Life, so I began taking your medicine. After taking it for two weeks I could get out of my bed by myself. I am now 63 years old and in better health and stronger than ever in my life. I have recommended the Vegetable Compound to many suffering women, young and old, and you may use my name anywhere as long as you please. I will be glad to answer any letters sent to me."  
—Mrs. F. B. HEADDEN, 5 Holt Avenue, Macon, Georgia.

In a recent country-wide canvass of Lydia E. Pinkham's Vegetable Compound, over 200,000 replies were received and 98 out of every 100 reported they had been benefited by its use. For sale by druggists everywhere.

Physicians, teachers and scientists, quick to appreciate the sweeping value of Cod Liver Oil, are recommending it. Men, women and children who are weak, run-down, over-worked or under-nourished, are turning to Cod Liver Oil for its blood-building, nerve-strengthening properties—A, B, C and D vitamins.

It is surprising how Cod Liver Oil makes the blood go tingling through your veins, causing you to feel and act years younger. Being in concentrated form, it quickly builds strength and stamina, making you feel alive in every fibre.

All druggists have Cod Liver Oil, the new easy-to-take cod liver oil with the taste of rich cocoa.

## BROWN OBJECTS TO TAG DISTRIBUTION BY COUNTY AUDITORS

"Thad H. Brown, secretary of State, voiced my sentiments exactly in an interview in Cincinnati Saturday regarding the proposal of the State Association of County Auditors to have the present system changed so that auto tags would be distributed by county auditors," declared Delver Belden, secretary of the Greene County Auto Club, Tuesday.

"The proposal made to enable county auditors to collect the property tax on automobiles before using the license, would be much more costly and less convenient to owners of motor vehicles," he said.

Brown said: "I have received letters from secretaries of other states which have tried the plan of having the licenses distributed by the county auditors, condemning it as more costly and less desirable than distributing through a central bureau with deputies throughout the state, as is now done in Ohio. Most of these states have gone back to the central plan."

"I am absolutely and definitely committed to the present system of distributing auto license plates. My attitude is based on economy, efficiency and convenience of the motoring public."

(Drawing: Grendel's Costume)  
While slept the goodly Geatmen in the feast hall, Heorot, Grendel roamed the moors and fens, ever drawing near to this hall he meant to pillage. Within Heorot, only Beowulf slept not.

Bursting through the doors, Grendel seized the nearest Geatman, a noble thane—Hondiscio—and dashing out his brains, devoured him. With cries of rage most terrible Beowulf closed in upon the monster and thus began the battle.

Clutching and clawing, Grendel sought to kill Beowulf, but this fierce warrior caught his hand with the grip which had strength of thirty men, and smote the monster with his free hand.

Grendel knew his hour had come and sought to disengage from the sturdy champion of the Geats.  
(Will Grendel get away? All about it in tomorrow's paper.)

## The Husband Tamer by VIOLET DARE

WHO'S WHO AND WHAT'S HAPPENED

PATRICIA CLEVE has become estranged from her husband.

ANDREW CLEVE, who seems to feel that his young wife exists only to help entertain his business friends. He goes abroad, after Patricia has insisted that she will live differently or leave him. She visits her sister.

CAROL WILLOUGHBY, and finds herself enrolled to help Carol's husband.

KEITH WILLOUGHBY, in his efforts to interest GREGORY HEWITT, a famous financier, in his affairs. Hewitt falls in love with Patricia, and for Keith's sake she cannot refuse to join a western camping trip arranged by him.

### TODAY'S INSTALMENT

XXXIX—THE OBSTACLE RACE

"THERE is a ranch not far from here where we can get horses," Gregory Hewitt announced to Patricia as he helped her up over an outcropping of rock, "wouldn't you like to ride tomorrow?"

Patricia smiled in anticipation. How wonderful it would be to canter off across these broad plains. With a sure-footed mount beneath her, her troubles always vanished and she forgot everything but the joy of being alive.

"I was sure you would," he went on proudly, a little possessively. "You seem to like everything I do, little Pat."

When the others overtook them, he left Patricia and Carol to ride along together while he and Keith hurried on to the ranch to make plans for the next day's riding.

"Oh, isn't Mr. Hewitt wonderful!" Carol exclaimed to her sister. "He seems to be able to do anything. And I believe he has taken a fancy to Keith. He wants him to go on to Mexico with him to talk business with some men there. If he decides to develop some land down there he will take Keith with him, and then we will be rich, Pat, positively rich!"

Hewitt was resourceful and worked fast, Patricia admitted, but what, she wondered, was his underlying motive in doing this?

"And he wants us to go along, of course," Carol continued gaily. "You will, won't you?"

"Oh, no, no!" Patricia exclaimed. Her thoughts were racing back to yesterday when Hewitt had told her how easily she could obtain a divorce in Mexico. Did he think that he could thus easily force her to action?

Make everything so easy for her that she couldn't refuse? She couldn't be angry at him for his blunt plans for they were so adroitly conceived, and she thought of herself as a horse being constantly led to water who might be made to drink.

"Oh, you couldn't refuse, Pat," Carol went on with unusual vehemence. "It means so much to Keith. Maybe the whole deal would fall through if you didn't go. Mr. Hewitt is so fond of you, you know, and we thought it would be quite a lark for us all."

"Of course," she went on, as she noticed her sister's hesitation, "I don't want to ask anything of you that you think isn't right, but it seems to me awfully ungracious when he has been so good to us for

you to refuse. It would take only two or three weeks at most, and there is no reason for your hurrying back, is there? When is Andrew coming home?"

Unintentionally she probed the wound in Patricia's heart with her question.

"I don't know," Patricia murmured, seeming to think aloud rather than speaking to anyone. "I don't even know that I have a home any more."

"Oh, Pat, I didn't realize you cared so much," Carol burst forth all contrition. "I'm so sorry I spoke as I did. Really, I don't suppose it matters so much. I'm sure Mr. Hewitt recognizes what a wonderful business man Keith is, and though you have helped a great deal in interesting him, he will be sure to want Keith from now on."

Patricia smiled indulgently at her sister's blind love for her husband. How little she knew of the game of husband taming! How little she realized of the influence a woman

That night as they sat around the campfire... Pat talked frankly to Hewitt.

can have in business affairs! "I'll do all I can, Carol," she told her finally just as the men reappeared in the distance. "Of course I want you and Keith to have everything."

But the more she thought of the obstacles Hewitt was putting between her and any reconciliation with Andrew the more troubled she was.

That night after dinner as they sat around the campfire watching the lengthening shadows and listening for the first coyote's call that presaged the coming of night, she talked frankly to Hewitt of the projected trip to Mexico.

"It is splendid of you to take such an interest in helping Keith," she told him, gratefully wrapping around her shoulders the gaudy Indian sarape he offered her, "but if I go on to Mexico it will be the end—"

Her voice trailed off into a whisper as she hesitated to bring Andrew into the conversation.

"Not the end, little Pat, the beginning. Don't think that I don't respect you for hesitating. I hesitated many years out of loyalty to a vow that was meaningless, but don't you make a mistake. Don't cast aside my love as though it were a trivial thing, and cling to a dream that has already turned to ashes, if you would but admit it."

"Andrew is far away from you in spirit as well as geographically. Am I not right?" And Patricia fell into a trouble sleep that night wondering if he were.

## FEDERAL OPERATION OF RAIL PROPERTIES COST BILLION AND HALF

Report of Davis Writes Closing Chapter Of Greatest Venture of Government Into Business That Has Ever Been Attempted.

Washington, Jan. 20.—Writing the closing chapter to perhaps the greatest venture of government into business ever attempted, Director General of Railroad James C. Davis today reported to President Coolidge that federal wartime operation of the railroads had cost the American taxpayer \$1,674,500,000.

This stupendous total represents all losses—paid or estimated—incurred during the twenty-six months of federal control, and the claims sustained for the six month guaranty period which followed.

The bulk of the loss came in actual operation costs.

General Davis divided his figures into three groups, as follows:

The loss during federal operation, \$1,123,500,000; the expense of the guaranty period (as estimated by the interstate commerce commission) \$536,000,000 and the amount required to reimburse short lines under the transportation act (also estimated by the interstate commerce commission) \$15,000,000.

A remarkable adjustment of the postwar claims of the carriers against the government is shown in the Davis report, however. Entering counter claims against the roads, the railroad administration's ledger shows in the final analysis a loss to the government of that score of but \$48,574,801—a sum slightly more than six percent of what the railroads originally claimed.

Late in 1920 the roads began to file claims for the balance alleged to be due them for the use and operation of their equipment, coupled with other claims for under-maintenance of equipment. The original claims totaled \$1,013,389,502.

Subsequently, these claims were revised downward to \$768,003,724 and the railroad administration on its own part entered counter claims of \$438,130,811.

The final adjustment shows a total of \$243,647,196 allowed the creditor roads and \$195,072,295 collected from the debtor roads. Separate settlement with 371 systems, many representing more than one company, were necessary to effect the liquidation.

In addition Davis showed that from now on the railroad administration will be an income producing asset rather than a liability. He reported assets of \$666,503,273 including \$491,814,473 of unexpended appropriations and \$174,688,800 of definite railroad obligations.

## FORMER XENIA MAN DIES IN CHICAGO

Charles Martin Poague 68, head of the real estate firm of McKay and Poague, Chicago, former Greene County, died at his home in Chicago, Sunday, according to word received by local relatives.

Mr. Poague was born on a farm near Spring Valley and grew to young manhood there. He was graduated from Kenyon College in 1878, studying law in Cincinnati in the same class with Chief Justice William Howard Taft.

He went to Chicago in 1889, and entered into partnership with W. D. McKay, who died five years ago. Mr. Poague was one of the founders of the Woodlawn Trust and Savings Bank and Chairman of the Board of Directors at the time of his death.

A son, Lieutenant Walter S. Poague, was killed while serving in the aviation corps overseas during the war. A daughter, Mrs. Catherine Leffel, Chicago, survives.

Funeral services will be held in Chicago and interment made in Oakwood Cemetery, Chicago.

## FIRST WOMAN GOVERNOR WIFE OF IMPEACHED CHIEF

Believe Ex-Governor Will Be Real Head of State Government—Fergusons Deny This However—Woman Is Inaugurated.

Austin, Tex., Jan. 20.—Texas today began an experiment unprecedented in the political history of the United States.

The precedent was not so much in the inauguration today of Mrs. Miriam A. Ferguson, as the first woman governor of the state as in the belief generally expressed that her stewardship will be more specious than solid, that her husband, ex-governor John E. Ferguson, impeached six years ago, will be in reality the chief executive of Texas—the ruling power behind the throne.

Mrs. Ferguson is not the first woman governor in the country. She lost that honor to Mrs. Nellie Taylor Ross of Wyoming. But it is certainly unusual if one should be governor in name but not in fact.

The Fergusons themselves were the first to deny that Jim will be governor in his wife's name.

"That is absolutely unfair and there is not a word of truth in it," declared Ferguson. "I will help my wife, of course, but she will be governor in every sense of the word. Time will prove that statement. Mark what I say."

Because of his previous experience as Governor, Mrs. Ferguson declared that naturally she would consult her husband frequently on matters of state. Just the same Ferguson was subjected today to a great deal of jesting at the hands of his friends, called "crown prince," "prime minister," "chief consort," etc.

Time only can tell whether Mrs. Ferguson, center of one of the bitterest political fights in Texas, a state fierce in political struggles, will be a "puppet" governor, or chief executive.

## REFUSE TO PERMIT MEN TO TESTIFY

Columbus, O., Jan. 19.—Claiming such procedure would result in substantially an endless probe, the state utilities commission overruled the proposal of Attorney Carl Shuler, Toledo's law director, that field men, who assisted in making the Ohio Bell Telephone Company's inventory of its properties, be called upon to testify as to facts bearing upon the inventory.

The commission's ruling was made in connection with its hearing, being held today, relative to its investigation of telephone rates and facilities throughout the state.

On the witness stand George B. Williams, the company's appraisal engineer, declared that the inventory covers 6,000 miles of toll lines and that 25,951 man-days and 2,000 days' use of motor vehicles were required in completing the work.

## BROTHERS DIE IN HOUSE FIRE AT PROVIDENCE

Mother Tosses Other Children Thirty Feet To Safety.

Providence, R. I., Jan. 20.—Two boys were burned to death, when fire destroyed their home here today. The victims, trapped in an attic room, were Walter Browning, 13, and brother, George, 10. Their mother saved her four other children by dropping them thirty feet from a window.

They are Joseph, 6 months, Anna, 4 years, Virginia, 6 years and John, 15 years old.

Mrs. Browning's clothes took fire and she jumped from a window.

Three policemen who tried to reach the attic room were overcome and rescued by firemen. Neither Mrs. Browning nor the four children she dropped from the windows were injured. The six months old infant landed comfortably in its crib.

## VICTIMS OF OSBORN CROSSING TRAGEDY SHOW IMPROVEMENT

Six other persons who were in the machine with Clarence Brown, 24, Covington, O., who died in Miami Valley Hospital, Dayton, Monday morning, from injuries received when the automobile was struck by an I. C. & E. traction car in Osborn early Monday morning, are expected to recover from their injuries.

Brown died a few minutes after an ambulance reached the hospital with him. Doyle Thompson, son of Mr. and Mrs. Harvey C. Thompson, who were also occupants of the machine, is suffering from a fractured skull and internal injuries and is the most seriously hurt.

Mrs. Mildred Brown, wife of the dead man and their year-old son, Paul, are suffering from serious injuries but have a chance to recover. Mrs. Thompson and her four-year old daughter, Fern, are suffering from severe cuts and bruises.

Thompson, driver of the machine, escaped with slight cuts and bruises. He said he did not hear the warning whistle of the traction car and that his view of the tracks was obstructed by a cement block house.

Conductor Wright and Motorman Gossnell, both of Springfield, reported to traction officials upon their arrival in Dayton that proper signals had been given for the crossing and submitted a list of eye-witnesses to bear out their statements. Gossnell said he did not see the automobile until it was too late for him to bring his car to a stop.

Thompson and Brown had gone to the Southwestern Portland Cement Company at Osborn in search of work and were returning to their homes with their families when the accident happened.

Thompson said they were traveling "a fair rate of speed" when they struck the car. The curtains on the automobile were drawn up when the traction car loomed in front of the driver.

The machine struck the rear steps of the traction car, rebounded and hit a telephone pole, where Brown received a fractured skull, which caused his death.

## EXPERT ON SWEET CLOVER COMING HERE

Sweet Clover is by far the most important new crop which is being grown in Ohio today, according to Ford S. Prince, County Agricultural Agent.

Because it is new and because many facts concerning it are not generally known, the Greene County Farm Bureau has arranged for a series of schools to be held throughout the County during the week of January 26 to 31.

J. Slipper, soils and crops specialist of the Ohio State University will be the instructor at all these schools.

Every farmer in Greene County is invited to the meetings, to learn about sweet clover and to turn in his experiences in growing the crop if he has ever tried growing it.

### SILENCE GREETS RESIGNATION OF SOVIET TROTSKY

London, Jan. 20.—The absence of detailed news from Moscow, following the resignation of Leon Trotsky, as soviet commissar for war, was termed "significant" today in diplomatic circles.

With the exception of a brief announcement that Trotsky had resigned and his resignation had been accepted, little, if any information has come out of Russia.

A brief press dispatch today said:

"The Trotsky resignation was received with calm by the population."

It was reported that the peasants of Ukraine were revolting as a result of Trotsky's resignation. It was also reported that new rebel bands were making headway in Turkestan.

The Daily Chronicle said today that Trotsky was virtually in exile outside Moscow. He was said to be surrounded by spies and all of his supporters were either exiles or under surveillance. The Chronicle added that the situation in Russia was "at fever heat."

## Improper Nourishment Is Blamed For Ellingson Case

By EDNA PURDY WALSH  
Character Analyst  
Written for International News Service

Chicago, Jan. 20.—We never find a well-nourished criminal!

We do not find people who have every one of the sixteen chemicals of the body in their proportionate amounts committing murder.

The rising generation is a starved race—getting hungrier and hungrier.

The more we take the nourishment out of our food—the whiter we make our bread and flour—the more we may expect neurasthenia, perversion, murder, irritability and incorrigibility among our youth.

We cannot take the long narrow face of Dorothy Ellingson and say: "You alone are responsible for the murder of your mother."

I can give you limitless reasons why she temporarily saw her mother as a spirit of the dark ages through her blinded, starved nervous system and why she grabbed a revolver and shot her.

But first let me say that Dorothy is a hungry girl.

She is a type that needs a great amount of phosphorus in her food. She takes up more of that element than any other in her brain and body makeup. Her cells were "born" that way.

Give the girl white bread, booze, macaroni, polished rice, consisting mainly of spindles, worthless carbon and deprive her of the vitamins in raw vegetables, raw eggs, oranges

### "Jazz Baby" Who Shot Mother Receives Many Messages, Including Bibles and Prayer Books—Doesn't Want Darrow.

San Francisco, Jan. 20.—Dorothy Ellingson, "jazz baby" who shot down her mother from behind, thinks like Kid McCoy, she "has nothing in common with Nathan Leopold Jr., and Richard Loeb, the Chicago youths who killed for a thrill."

"I should say not—my case is not like that of Leopold and Loeb," Dorothy said today, "and I wouldn't have Clarence Darrow for my attorney on a bet. If they are thinking of getting Darrow for me they better stop right now. I won't have him at all."

Dorothy, her rust-colored bob matching her suit—almost the same color—cried less today and appeared to be happier, as she surveyed stacks of mail, sent to her from all parts of the country and gifts of Bibles, prayer books, fruits and flowers. A stream of letters and messages of friendship reached the jazz maniac, during the day.

One church and several mission workers' societies were among those writing to Dorothy. They urged her to take up religion and "save her self from hell."

"I tried to read the Bible today, but I just can't," Dorothy said frankly. Among the letters received by Dorothy was one from "Daddy Deocling," an 83 year old grandfather of Los Angeles. He begged Dorothy to "try

the other side of life" across the letter was written: "let him among you who is without sin, cast the first stone."

Another letter was from "a friend" who said she should be in a similar situation. "Your mother knows and forgives you," the letter said. Dorothy placed this letter within the breast of her blouse.

Today's turn of events indicated the jazz maniac would gain her freedom after spending seven years in the girl's school at Ventura, Calif.

Attorneys for the two sides, following arguments on the question agreed and Dorothy will appear tomorrow for preliminary hearing in the juvenile court.

This will mean the girl probably will serve a long prison sentence. Thursday morning, after hearing in juvenile court, she will have her case automatically turned over to the juvenile branch again for disposition. Then under the California law, the limit sentence for the girl would be detention in the Ventura girl's school until she is 23 years old.

## Money Flows In Treasurer's Office As Last Collection Day Nears

Money, money everywhere, and not a cent to spend!

Stacks and stacks of silver and neatly tied packages of paper certificates so that the whole table is covered with money.

Money—\$14,000 worth of it—being probably the largest amount of actual cash ever taken at the office of the county treasurer. It represented part of more than \$76,000 in tax receipts received at the office Monday in one of the biggest days the office has ever experienced.

For Monday was the next to the last day of the tax collection period, and taxpayers hurried to the window to lay their offerings in payment for immunity from the law and the delinquent list. Saving their funds to the last minute, they stormed the lobby

of the office of F. A. Jackson, county treasurer, rushed the staff of employees all during the period of collection and resulted in them remaining in the office until 9 o'clock Monday night to check up receipts.

There were bankers and manufacturers, and business men and farmers and property owners, pressing their checks through the iron-grated windows in contrast to widows and those of humble circumstances doling their tax money out from tiny pocketbooks, where it had been meagerly hoarded since the last collection time. And there were new checks from building and loan associations where the funds anxiously saved up, were rifled that the business of the government may be carried on successfully.

Employees of the treasurer's office, one at each window, entered into a dizzying monotony of reaching for receipts in their alphabetical files, accepting the money and stamping the receipt "paid." There was never a moment when the procession before the windows flagged. At times during the day taxpayers went into the office

of R. O. Wead, county auditor, complaining that the door of the treasurer's office was locked. Investigation showed that those waiting in the lobby crowded so closely upon the door that it could not be opened. In the corridor outside, there stood many more waiting for an opportunity to get in.

In addition to the taxpayers at the windows, many letters were received all day, bearing checks and money orders to pay taxes. Tuesday, however, a quieter day was expected. County Treasurer Jackson anticipated that between \$50,000 and \$60,000 would be taken in on the final day.

And the irony lies in the fact that the files containing the tax receipts of those who have not yet paid, are still far from empty. The presence of these slips in their proper places still represents the tragedy of the fact that with all the tribute being paid into the county coffers, there are many who, this time at least, have so far found it impossible to meet the tax demand.

## HATCHERY EXPERT IDENTIFIED WITH XENIA STORE NOW

Leland Cramer, Buffalo, N. Y., authority on poultry raising and author of numerous articles on the subject, has become identified with Babbs Hardware Store for the purpose of creating enthusiasm in the poultry business in Greene County and establishing a large hatchery here. If future plans meet with the expected success, Mr. Cramer may become permanently located in Xenia, he announced Tuesday.

Mr. Cramer brings with him the largest and most modern incubator yet manufactured, known as the Buckeye Mammoth Incubator, manufactured in Springfield, which has an egg capacity of 10,368.

Featuring the up-to-date machine are electric fans which take the place of the hand cooling process formerly used, the automatic thermostat which regulates the heat by expansion and contraction, moisture pans and modern heating system.

Mr. Cramer has written several articles on small chick diseases, rearing of baby chicks, culling and incubation, which were published in agricultural pamphlets.

Mr. Cramer declared conditions are ideal in Xenia and Greene County for establishing a large hatchery, and making a center of this industry.

## MASONIC OFFICER TO TALK IN XENIA

Mont Hambricht, a high officer of the Grand Chapter, Royal Arch Mason, will address a meeting of the Xenia Chapter No. 36 R. A. M. at the Masonic Temple on Masonry in general Thursday evening.

A full attendance of members of the Chapter is desired as Hambricht's talk will be important. A refreshment course will be served in addition to the regular activities of the Chapter.

## Thousands Dangerously Weak After Flu and Grippe

Tells How To Quickly Get Back Needed Strength Appetite and Vitality.

Reports tell us that in one state, tens of thousands of people are "all too slowly" regaining their health and strength after illness.

Influenza and Grippe are insidious diseases, that nine times out of ten strip their victims of strength, vitality and power to endure any ordinary strain.

Even a heavy cold or a lingering cough may sap a man's strength so tremendously that he desponds of ever being strong enough to go to work again.

People in this deplorable condition should know that the greatest builder of strength in weak, rundown, tired out people is Cod Liver Oil—it's full of the best health building vitamins, and any doctor or chemist will tell you.

But it's loathsome stuff to take—the taste nauseates—the smell disgusts and repulses.

That's why millions of people are

## HILLSBORO DEPUTY SURVEYOR SHOT TO DEATH BY ROBBERS

Xenia police have been asked to watch for two highwaymen who shot and killed Harry P. McGill, deputy county surveyor of Highland County, and shot and seriously wounded E. W. Lemon, merchant policeman at Hillsboro early Tuesday morning when the officials were transferring the robbers to the county jail at Hillsboro. The two men turned and fired on Lemon and McGill and fled in McGill's automobile in the direction of Cincinnati.

Lemon and McGill were passing the Hillsboro Hardware Store at 8 o'clock Tuesday morning when they noticed two men attempting to force an entrance by breaking the window lock. After fighting the would-be robbers away, McGill and Lemon followed in McGill's car. Coming upon the men asleep in their car, they apprehended them for weapons as when they ordered them out of the machine, preparatory to locking them up in the county jail, the captives opened fire, killing McGill and shooting Lemon twice in the left shoulder and wrist.

The men when last seen were between Blanchester and Wilmington. A description of the car has been telephoned to police in cities in this part of Ohio.

Lemon will recover, according to hospital attaches at Hillsboro. Twenty two watches, dynamite and fuses were found in the robbers' machine along with several packages of clothing recently purchased in Cincinnati. No description of the men was furnished. The men escaped in a Hudson touring car, with a 1924 license plate, bright red wheels and a California top. The license plate number is 90,157.

## HELD ON CHARGE OF CORN STEALING

Elmer Sharp, 44, and Raymond Taylor, 21, Chillicothe, O., were traced to Jamestown by Mt. Sterling authorities on a charge of stealing a number of sacks of corn, and arrested early Tuesday morning.

They had driven to Jamestown in a Ford truck in which were found seventeen sacks of corn. The two men were lodged in the Jamestown Jail, until they could be arraigned.

Mrs. L. S. Barnes, East Second Street, returned Sunday night from Cincinnati, where she has been with her daughter, Miss Ruth Barnes, who underwent an operation recently, at Christ Hospital. Miss Barnes is recovering nicely.

## INTENSIVE EVANGELISTIC PROGRAM TO BE LAUNCHED BY XENIA M. E. CHURCHES SUNDAY

An intensive evangelistic program is being announced by First M. E. Church and Trinity M. E. Churches, with the coming of Dr. George Hugh Birney, Cleveland, noted evangelist, in a series of meetings at the former church, beginning Sunday, January 25 and ending Sunday, February 8.

The first week's program will be: Sunday, January 25—10:30, morning worship; subject, "The World's Only Portrait of God;" 2:30, (women and girls) "With Mothers and Daughters in the Chamber of Imagination;" 7:30, "The Trumpet and the Sword;" Monday, January 26—(no afternoon service); 7:30, "The Folks Who Shone in Church" (members and officials).

Tuesday, January 27—2:30, "The Holy Spirit and the Changed Plan;" 7:30, "Over the Top—No Man's Land;" (ex-service men of three wars.)

Wednesday, January 28—2:30, "The Holy Spirit and the Empowered Church;" 7:30, "The Family Name of God;" (family night.)

Thursday, January 29—2:30, "The Holy Spirit and the Continuous Revival;" 7:30, "The Tragedy of the Empty House;" (visitors' night.)

Friday, January 30—2:30, "The Holy Spirit and the Body of Christ;" 7:30, "The Music of the Angels;" (young people's night.)

The second week's program will begin Sunday, February 1, at 9:15 a. m., with a Sunday School rally, with the subject "When the King Passed By." The subject for the morning service that day will be "The Broken Harp of God." An afternoon mass

meeting for men and boys will be held at 2:30 o'clock with the subject "In The Devil's Workshop." The evening subject at 7 o'clock will be "The Tragedy of the Eleventh Hour."

The remaining services of the week will be as follows: Monday, February 2, (no afternoon service); 7:30, "The Wisest Man in Xenia."

Tuesday, February 3—2:30, "Prayer, its place in the Changed Plan;" 7:30, "The Unforgivable Sin."

Thursday, February 5—2:30, "Prayer—A Love Attitude;" 7:30, "The Suicide of the Soul."

Friday, February 6—2:30, "Prayer and the Churches' Littered Altars;" 7:30, "In the Gardens of God."

There will be no Saturday services. A Sunday School canvass will be held in the afternoon, the services closing Sunday night.

St. Brigid's Catholic Church withdrew from the league because of the ruling that prohibited its first string basketball players to participate in the league games.

Since the new ruling pertaining to high school athletes was enacted, the league is now given an amateur rating and all games will be played on this basis.

Games will be played at the high school gym on Monday and Wednesday nights with probable games at the O. S. and S. O. Home on Thursday nights of each week.

The Wednesday evening schedule calls for games between the Episcopal and Trinity M. E. Churches, and Second U. P. and First M. E. Churches.

Forest Kennedy, Cedarville, may not live to face the first degree murder charge for the slaying of his wife at their home in Cedarville, January 3.

The abscess which developed on the self-inflicted wound above his heart is threatening to prove fatal, and although his condition was unchanged Tuesday, hopes for his life are diminishing.

Kennedy's condition became worse the same day that he was indicted for first degree murder by a special session of the Grand Jury.

This is the substance of a letter received from H. W. Webb, Quincy, Ill. "I coughed a great deal, especially at night. Tried almost everything and found nothing to equal FOLEY'S HONEY AND TAR COMPOUND. One dose relieved my cough and I rested well at night."

## A CHANGE OF VENUE

In legal terms, when the scene of a trial is changed from one place to another, it is called a change of venue, the word being from the French and meaning the place of action of a legal case.

Nature may be responsible for a change of venue for Forest Kennedy, Cedarville wife-slayer, who attempted suicide. Complications that have set in his self-inflicted wound, may be responsible. If they produce death, Kennedy will be tried by a Heavenly Judge, rather than by a court of his fellow men.

If Kennedy lives, he will face an indictment returned by a grand jury for first degree murder. Then he will come before the court to plead under that indictment and should his plea be "not guilty" he will be granted a trial by jury and legal counsel provided to defend him against the prosecution of the State.

Kennedy's legal counsel will then, by every artifice known to the profession of law, attempt to obtain for him a light sentence. Emotions of human kind will be played upon in order that mercy shall be permitted to dictate a less strenuous penalty.

Should Kennedy die from the effect of an abscess that is now threatening to cause death, he will face a court of one Judge. There will be no counsel to defend him and none to plead in his behalf. Before this Judge he will stand stripped of the shielding influences that would exert themselves in an earthly tribunal.

Kennedy has been quoted as wishing to die. If he does, the law of man will be cheated and the slayer hastened unprepared before the last court. A change of venue that no man should wish to face unprepared.

## GERALD CHAPMAN

Gerald Chapman, the super-desperado, who escaped from prison in 1923, was re-captured at Muncie, Ind.

Now then the fate of Chapman, is proof of the adage that a man's sins will find him out. The arch-criminal was clever enough to make his escape from prison, and to evade the police of the cities for almost two years.

Then, apparently secure in the little Indiana town, he was recaptured. His re-arrest should teach Chapman two things:

That there can be no peace or happiness for the criminal, and That the existence to be purchased with a life of crime exacts more payment than it is worth.

## ECONOMY

When the elder J. P. Morgan remarked that he could run the United States as a business proposition and save a million dollars a day he was not taken seriously. Nevertheless, the great business of cutting up waste has gone and today it is a standardized part of successful administration in all lines. Secretary Hoover now declares that merely by ending certain great economic wastes some of our toughest problems would be solved. The farmer, he says, does not need spectacular and magical assistance from the Government, but the elimination of waste and lost motion in the ordinary conduct of the machinery of production, finance and transportation. Speculation, periodical slumps, lack of co-ordination between industry and transportation, bad credit systems, destructive competition and bad judgment in choosing and handling raw materials—these are all set down by Mr. Hoover as so many parts in our national system of waste.—Philadelphia Public Ledger.

'Twas the same thing with her brother, He could laugh his mother down, And he wasn't scared of scolding and he didn't mind her frown, And he'd never make a whimper when she'd tell him what was what, But if I'd snap out an order, he'd stand rooted to the spot, As if thunder bolts had fallen from a clear and sunny sky, And you'd think his heart was broken as he puckered up to cry.

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. Preliminary hearing of charges of stealing government rifles from the armory at Wilberforce University against six Xenia and Greene County colored men, set for Monday, January 19, before United States Commissioner Andrew S. Iddings, in Dayton, has been postponed until Monday, February 2.

The six men, William Anderson, Paul and Charles Rountree, C. H. Scott, E. L. Sullinger and Clarence Carleman, arrested Monday, January 12, by United States Marshall Carson Pratt, and his deputy J. H. Wagner, assisted by the sheriff's office, were released under \$1,000 bond when they were arraigned the same day in Dayton.

Anderson is said to have stolen the rifles and the other men are accused of buying them.

## Today's Talks

## IMPRISONMENT

Sometime, "when Truth gets a hearing," there are going to be no more prisons in which to shut up human beings.

It is because of this archaic idea that we are ourselves most imprisoned in thought and conduct.

There are very few free human beings in this world. And when one does come along who glories in his freedom and who thus breathes cleaner air than we do, we have our suspicions and put him down at once as strange, queer and unnatural—and sometimes as unwholesome.

But the fact remains that most of us live in prisons of our own and other's making.

Prisons are supposed to exist to protect society that is made up of individual items unconcerned about protection for themselves?

If we live in a glass house we have to be careful and watchful about those who may break loose from their stone steel prisons.

Just the minute that a human being does wrong he puts himself in prison. Also he manufactures wrong just the minute that he puts himself in a prison without cause. And we are all of us every day putting ourselves in prison. Imprisonment is the curse of personality.

Freedom is the flower of personality. Its fragrance penetrates everything about it and scents up the atmosphere of the world.

Prisons are built from little and

big stones of thoughtlessness, thoughts of revenge and unkindness. When we throw harm we blind think that we are hurting the other fellow. We are putting ourselves in prison. The other fellow is the first one.

When civilization comes of age will tear down its jails and prisons, schools, playgrounds and flower beds in their place.

## SIMMONS VARSITY GIRLS LOSE TILT TO WILBERFORCE

In a preliminary to the Wilberforce and Simmons University game Monday night the Wilberforce University girls defeated the Simmons girls by a 24 to 13 score in a fast and hard fought contest.

This was the second win for the Wilberforce five this season having defeated the Douglas five of Cincinnati, last week by a 25 to 7 score.

Curtis, Scales and House played best for the winners while Leach, at center for the losers was the high light of the game looping the ball through four times from the field and three times from the foul line.

Lineup and summary:

Wilberforce (24) Simmons (13)  
Watson RF Ralston  
Curtis LF Tribble  
Gaeton C Leach  
Scales RG Diggs  
Simpson LG Jackson  
Substitutions: Wilberforce—Harris for Gaeton, House for Leach, at center for the winners while Leach, at center for the losers was the high light of the game looping the ball through four times from the field and three times from the foul line. Referee: Creswell of Cedarville College. Time of quarters: 10 minutes.

## POLICE PLAN TO ENFORCE AUTO LAW WEDNESDAY

Chief of Police M. E. Graham issued a police order Tuesday to all patrolmen, to arrest automobile drivers still using 1924 license tags Wednesday.

Tuesday was the last day allowed by law on which an automobile could be driven with an old license.

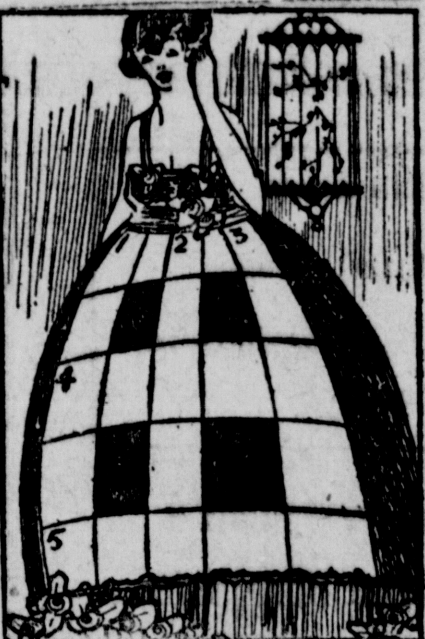

No extension of time has been ordered by Thad H. Brown, secretary of state. Violation of the law carries with it a stiff penalty and offenders arrested will be prosecuted under this section in Police Court, according to Chief Graham.

Police have orders to be vigilant on the check up of 1924 licenses beginning Wednesday morning. Oliver Belden, deputy registrar for Xenia, believes many motorists have not yet been supplied. Licenses can be obtained at the offices of the Greene County Automobile Club or in the Regil Hotel.

The words start in the numbered squares and run either across or down. Only one letter is placed in each white square. If the proper words are found each combination of letters in the white squares will form words. The key to the puzzle—the first word—is given in the drawing. Below are keys to the other words.

### (RUNNING ACROSS)

Word 1. A girl grown up.  
Word 4. What you feel like doing when you hear lively music playing.  
Word 5. A famous American general in the Revolutionary war, affectionately known as "Mad Anthony."

### (RUNNING DOWN)

Word 1. A woman whose husband is dead.  
Word 2. You cannot get anything at a store without it.  
Word 3. What relation to your father is the daughter of his brother?

## WILBERFORCE BASKETEERS SINK SIMMONS UNIVERSITY FIVE 37 TO 21 FOR FIFTH WIN

By L. J. WONES

Wilberforce University basketball team won its fifth game of the season Monday night as Wilberforce when it defeated the Simmons University team of Louisville, Ky., 37 to 21.

Simmons presented a light, small and fast combination and at the outset of the game made Dean Mohr's lads step plenty fast but as the game progressed and Wilberforce used many substitutes, the visitors were worn out.

Wilberforce had a little difficulty finding the hoop in the first half but at the start of the second period, with Ward and Lewis doing about all the scoring, they took a commanding lead.

Lewis and Ward starred for the winners. The first named lad was

high man with seven baskets from the field and two fouls while Ward caged the leather half dozen times from the field. Redden played well at left forward and got a pair of fielders and tossed one foul. Willard, at left forward for Simmons, was the shining light for his team with five baskets from the field.

Dillard was first to score with a fielder but Lewis evened things up several seconds later with one from the field. Lewis tossed another fielder and made good on two fouls giving his team a four point lead.

Harding fouled Wood and he made good on the throw. Brown made a basket that brought his team within one point of Wilberforce. Redden and Ward made baskets doubling the score on Simmons. Dillard made a short one from the side while Wood dropped one through from the center of the court. The score at this stage was Wilberforce 10, Simmons 9.

Lewis tossed a nice one through from a difficult angle and Brown scored from the field. Dillard looped a long one through putting his team in the lead by a lone point. Lewis then duplicated his feat but Hall tossed one through again giving Simmons a one point lead. Dillard fouled Evans and he dropped both in from the foul line giving Wilberforce a 16 to 15 lead at the half.

At the start of the second half Wilberforce came to life. Harding started the scoring with a fielder. Ward was next with one and Lewis made two in succession. Redden tossed a short one and this seemed to be the starting signal as Ward and Lewis made them from all angles. Besides scoring twenty-one points Mohr's lads led the visitors to two field goals.

Wilberforce will play the Baltimore Athenians Saturday afternoon at Wilberforce.

Lineup and summary:

Wilberforce (37) Simmons (21)  
Lewis RF Ralston  
Redden LF Tribble  
Ward C Leach  
Huff RG Diggs  
Harding LG Jackson  
Subs: Wilberforce—Evans for Ward, Washington for Redden, Slater for Huff, Harris for Harding, Simmons—Hall for Brown, Redden for Hall, Field goals—Lewis 7, Wood 2, Evans 2, Hall, Poul goals—Lewis 2, Evans 2, Redden, Brown 2, Wood, Referee: Creswell of Cedarville College. Time of halves: 20 minutes.

## ANTIOCH VARSITY WILL PLAY URBANA COLLEGE THURSDAY

Coach Prugh's Antioch College five will attempt to add another win to its growing string of victories when Urbana College is met Thursday night on the Urbana floor.

The gold and blue team is primed for the tilt and after being licked by Denison University staged a fine comeback and beat Ohio Northern, 33 to 24.

Merrill Dawson, lanky center and guard, has been the outstanding star on the Antioch team this season. In fact the entire Dawson family forms the nucleus of both the boys' and girls' teams at the college.

Merrill and Clyde play on the male aggregation while their two sisters, Charlotte and Anna, are luminaries on the girls' varsity. They are following in the footsteps of their father, Professor C. M. Dawson, who in his college days, was an all around athlete at Antioch.

Other teams remaining on the Antioch basketball schedule for 1925 are Miami at Antioch, January 30; Capital at Antioch, February 4; Cedarville at Antioch, February 16; Wilmaington at Antioch, February 24; Capital at Columbus, February 27.

"Buck" Harris, 29 year old manager of the Washington Senators, world's professional baseball champions, was about the only manager in the majors to succeed in strengthening his club during the winter meetings. The champions secured Mike McNally from the New York Yankees and the veteran Stanley Coveleskie from the Cleveland Indians in exchange for three rookies, a pitcher and a couple of outfielders.

It was lack of good reserve strength that was one of the weaknesses of the Washington club in the past season. He had to call upon Peckinpaugh, who was hurt, to fill in the series. McNally is one of the best utility men in the junior loop.

The Cubs and Pirates made an exchange, the former trading Aldridge, Grantham and Niehaus for Cooper, Maranville and Grimm. Jack Hendricks, pilot of the Cincinnati Reds, tried hard without success to land "Bill" Terry or Long George Kelly from the Giants. Hendricks said he could win the pennant with a good first baseman. Rube Bressler has now signed a contract for a year to play the first station for the Reds. Bressler has played the outfield and also worked at first several times.

Young Frank Gotch of Kansas City, Mo., champion wrestler of the Middle-west, sustained a broken ankle last Tuesday night at Springfield at the Moose Hall when he was grappling with Young Sandow of Ironton, O., in the main event. Gotch appeared here in this city a week ago Monday night with Bull Gossard, whom he beat. Gotch was to have wrestled in the next show but owing to the injury to his ankle it is doubtful if the show will be put on.

## NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To  
Open Up Air Passages.

Ah, What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

## SUMMERS HULL IS NEW PRESIDENT OF PHI DELTA KAPPA

Summers Hull was elected president of Ohio Beta Beta Chapter, Phi Delta Kappa Fraternity for the ensuing year at the regular election of officers Monday night. He will succeed A. C. Bales.

Ralph Nevitt and William Dimmitt were initiated into the organization. Other officers elected were: Sewall Nevitt, vice president; Raymond Stiles, master of ceremonies; A. C. Bales, secretary-treasurer; William Dimmitt, inner guard; Elwood Smith, outer guard and Ralph Nevitt, sergeant-at-arms.

Besides the regular transaction of business, the members laid plans for attending the meeting of the supreme executive committee of the fraternity, which will be held at Union City, Ind., January 21 and 22.

The supreme executive committee is composed of national officers through which the prudential affairs of the fraternity are managed.

## Lose Your Fat, Keep Your Health

Superfluous flesh is not healthy. Neither is it healthy to diet or exercise too much. The simplest method known for reducing the overfat body easily and steadily is the Marmola Method, tried and endorsed by thousands. Marmola Prescription Tablets contain an exact dose of the famous Marmola Prescription. These Tablets are sold by druggists the world over at one dollar for a box. They are pleasant to take and leave no wrinkles or flabbiness. They are popular because effective and convenient. Ask your druggist for them. Send price direct to the Marmola Co., General Motors Bldg., Detroit, Mich., and procure a box.

## Claims Indigestion Easy To Get Rid Of

Asserts Pepsin is Best When Combined With Menthol and Other Good Invigorators and in Liquid Form

## Sohn's Drug Store Guarantees It is Dispensing it to Many Stomach Sufferers

You can be so distressed with gas and fullness and bloating that you think your heart is going to stop beating.

Your stomach may be so distended that your breathing is short and gaspy.

You think perhaps you are suffocating.

You are dizzy and pray for quick relief—what's to be done?

Just one dessert spoonful of Dare's Mentha Pepsin and in ten minutes the gas disappears, the pressing on the heart ceases and you can breathe deep and naturally.

Oh! What blessed relief, but why not get rid of such attacks altogether? Why have chronic indigestion at all?

With this wonderful medicine you can banish indigestion, too much gas, banish indigestion or dyspepsia, catarrh of stomach or any abnormal condition that keeps the stomach in constant rebellion and one bottle will prove it.

And how happy you will be when your stomach is as good as new for then dizziness, nervousness, sleeplessness, headache, dull eyes and other ailments caused by a disordered stomach will disappear and you will be your old happy, contented self again. Sohn's Drug Store and every regular pharmacist guarantees one bottle of Dare's Mentha Pepsin to show the way to stomach comfort.

## "CAP" STUBBS—Mebbe Gran'ma Never Wuz A Little Boy

## STEPS TAKEN TO STIMULATE INTEREST IN SCOUTS HERE-COURT OF HONOR NAMED

First steps to stimulate Boy Scout interest in Xenia and recruit the two troops to their maximum strength was taken recently when a colorful Boy Scout poster was placed in the vacant lot adjoining the Chase Publishing Company by the Chase Publishing Company. The poster was distributed by local supporters who desire to see the scout movement furthered.

Dr. H. C. Messenger, S. N. McClellan and the Rev. W. H. Thiford have been named on an examination committee or scout court of honor for the ensuing year, meeting once every two months to examine those members wishing to pass merit badge tests.

For this reason it is hoped that members of both troops will study up on any subject they wish to pass as these tests mark the real progress in scouting, according to Scoutmaster R. H. Kingsbury and re-registration work will probably get under full swing next week, he said. The registration fee is fifty cents. Troop No. 1 will hold its regular

meeting at the Parish House, Tuesday night at 7:30 o'clock followed by basketball practice at the Central High School gymnasium.

### HIGH SCHOOL NOTES

Monday at an assembly in the high school auditorium Coach John Ballantyne presented letter certificates to 17 members of last year's football squad.

Coach Ballantyne said that although the team passed through a very unsuccessful season the boys had been out every night had taken many hard knocks and deserved a great deal of commendation to play game after game on a losing squad.

Allen Zell, retiring captain, was given the first certificate and Robert Chitty, captain-elect, received the second. The other members receiving certificates are: Eugene Perrine, William Honren, Arnold Boxwell, Ira Towles, Thurman Wakeley, Edgar Holton, Paul Sphar, Don Jenkins, Louis Buell, Max Marshall, Wendell Smith, Harvey Edwards, Fred Scurry, Harold and Howard Jordan and Charles Peters. George McKay was given a manager's letter.

The letters are to be large ten-inch chinchilla. Frank Tilton of

Tilton's Clothing Store donated the letters.

Following the presentation of the certificates Coach Earl Prugh of Antioch College, gave a short talk on athletics and how the athlete should keep in trim. He gave four pointers that made a real football player, first, brains; second, speed; third, fight; and fourth, keep-

ing fit. Short talks by "Doc" Zell and Bob Chitty followed.

## DOWN AND OUT MOTHER COMES BACK; SURPRISES ENTIRE FAMILY

She had worked, loved and was happy in doing for her children, and when she started to decline they were most downhearted and willing to do almost anything to make her last years happy and free from worry and illness. Nothing they did seemed to help—doctors, medicines or rest gave no results.

Finally, when all were about desperate with worry a neighbor induced them to try Kath, as it had worked such wonders with her mother. Ready to grasp at any help they got a supply and the way their mother improved from the start was almost too good to believe. It was only about six weeks before she had completely recovered and was doing her housework, happy and contented, as of old. It sure was a happy and reunited family and they are all recommending Kath to their friends now.

Doctors the world over will tell you that Kath, composed of fresh extracts of Glands, Phosphates, Iron and Herbs, will build up and restore strength and energy against old age and nervous breakdowns. One of

our leading physicians says: "The results I have obtained with Kath gland tonic have been wonderful; especially with elderly men and women where it was necessary to build up strength and revive bodily functions. Kath has given them renewed youth, life, strength and health."

"No one should despair or even think of giving up when they can build themselves up to healthy, vigorous womanhood and manhood and regain their strength, happiness and youthful appearance with only a few weeks' use of Kath."

Note—Kath is a scientific combination of the extracts of fresh, organic glands, vitamins, roots and herbs. Kath will both stimulate and enrich the glands, and organs to supply a greatly increased supply of nerve force and vitality.

Any one who, after a few weeks' use of Kath, does not feel better and look better in every way, can get their money back.

Xenia, Ohio, January 20.—On a jaunt about town: So this is Xenia. My kingdom for a horse radish! Freckled face girls going to a beauty parlor I think I'll like it here. Anyway I can have plenty of rope. And hang myself with my own free will and a cord.

Spindlelegged kids stealing puffs in back alley. Wonder if boys still smoke corn silks? Loud guttural motion as anything I have ever seen.

I'm one of the meek but I'm not registering any hopes of inheriting the earth. The only greenback I have is a Methodist hymnal. I owe everyone but my grocer. He wouldn't trust me. I'd buy a ham sandwich but I always eat the meat first and then don't know what to do with the bread.

Tin panny pianos grinding out rolls of jazz. And a young flapper thinking of moonlight waiters and beach parties. Street lights pleading for tired souls. If I had a piece of small change I'd go to church. I can't afford to give this quarter.

Lights out. The hush of night. Shadowy figures trudging the streets. Soon time for alarm clocks. And the Morning Republican.

## BEAUTIFUL WEATHER

There was an old fellow named Dyer,  
Who once took a trip on a flyer.  
Said he: "Now I know the high berths are low,  
But the lowers are always the higher."

Greene County doesn't exactly mean that the soil here is green. On the other hand this county boasts of some of the finest black soil in the country. If you want to buy a farm, keep your eye on the "Farms For Sale" column. Or phone an ad to The Gazette and Republican.

## SPEAKING OF BERTHS

A traveling man—Bill McGrady,  
Sent this telegram home to his Sadie:  
I'm well and all right  
But I won't sleep tonight,  
Just gave berth to a crippled old lady."

Plenty of readers, plenty of reader interest, lots of results—these are the things that are making this page grow. Use it daily. Read it. Watch it.

## Your Income Tax

No. 5

The term "earned income," in computing which the taxpayer is allowed on all net income up to \$5,000 and not exceeding \$10,000 a credit of 25 per cent of the amount of tax, is defined by income tax regulations as "wages, salaries, professional fees and other amounts received for personal services actually rendered."

However, there are thousands of cases of taxpayers engaged in a trade or business in which both personal service and capital are material income producing factors. In such cases it is provided that "a reasonable allowance in compensation for personal services shall be considered as earned income."

It is further provided that the total amount treated as earned income from a trade or business shall not exceed twenty per cent of the taxpayer's share of the net profits of such trade or business. A "reasonable allowance for personal services" in general is interpreted by regulations to mean "only such amount as would ordinarily be paid for like services, by like enterprises in like circumstances."

The revenue act of 1924 provides for "earned income deductions." This means deductions which are properly allocable to or chargeable against earned income and which are allowable from gross income in computing net income. Notable among such deductions are business expenses. Frequently taxpayers receiving a salary may be compelled to use a portion in payment of transportation, advertising or for samples. Such items, which are necessary expenses in the conduct of a business, are properly chargeable against earned income.

The term "earned net income," on which the credit is computed, means the excess of the amount of the earned income over the sum of the earned income deductions. Thus, a man who in 1924 received a salary of \$5,000, which he paid \$500 for necessary expenses in connection with the business computes his tax on

earned net income of \$4,500, from which, of course, should be deducted his personal exemptions—\$2,500 for a married person, \$1,000 for a single person, plus \$400 for each dependent—in ascertaining earned income credit.

## MONEY AT WORK

Brief but Important Lessons in Finance Markets Stocks, Bonds and Investments

## WHICH IS THE BETTER INVESTMENT?

## EXTERNAL FOREIGN BOND INTERNAL FOREIGN BOND

Bonds that a foreign country issues to sell outside its own domain are called external loans; those sold within its territory, internal loans. There is a difference in their safety.

The external bonds of foreign countries are better investments than the internal bonds. A responsible government, in case of financial difficulties, makes every effort to meet its external loan obligations first—to preserve its credit. Internal obligations may be deferred as they are presumably held by its own people.

In external loans the place of payment is usually specified now as in the country where the bonds are sold, not the issuing country; and in the currency of the buying country. This is important, because Americans and Canadians buying foreign external bonds in these days of fluctuating currencies wish to know that interest and principal will be paid in their own currencies with their own stable currency.

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined.

An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend."

Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradford Regulator Co., R. 4, Atlanta, Ga., for a free booklet containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

MODISH MITZI—He's Arrived!

By Jay V. Jay

Dora is telling the girls all about her cousin—what a very distant cousin he is, how much he had missed her when they went to dancing school, how handsome he has grown. Just see how enthusiastic Polly, Adelaide and Mitzi are! And they all have dressed with thought as to how becoming their gowns are. Polly wears a black satin with ecru lace trimming in jabot style which is repeated from the neck to the hem. Adelaide wears a black velvet trimmed with gold braid. Mitzi wears a simple velvet dress with a boyish collar and tie. Dora has promised to introduce them soon.

They have all obliged by turning their backs. Not that the backs of the gowns this year are particularly interesting. Most of them are straight and plain, just as you see them here, appreciate the fine points of feminine at all. Of course there's a reason. It's seems is going to be immensely popular. In fact it appears he is so completely surrounded that you aren't be patient, he'll have to show his fa

## SICK WOMEN OF MIDDLE AGE

Can Be Carried Comfortably Over The Critical Period by Lydia E. Pinkham's Vegetable Compound

—Note Mrs. Headden's Case

Macon, Georgia.—"During the Change of Life I suffered with my whole right side and could not lie on my left side. I was in bed about two months and could not get up only as my son would lift me. After doctoring without relief a man who was rooming with us told my son that Lydia E. Pinkham's Vegetable Compound would help me. I began taking your medicine. After taking it for two weeks I could get out of my bed by myself. I am now 63 years old and in better health and stronger than ever in my life. I have recommended the Vegetable Compound to many suffering women, young and old, and you may use my name anywhere as long as you please. I will be glad to answer any letters sent to me."

Mrs. F. B. HEADDEN, 5 Holt Avenue, Macon Georgia.

In a recent country-wide canvass of Lydia E. Pinkham's Vegetable Compound, over 200,000 replies were received and 98 out of every 100 reported they had been benefited by its use. For sale by druggists everywhere.

Physicians, teachers and scientists, quick to appreciate the sweeping value of Coco Cod, are recommending it. Men, women and children who are weak, run-down, over-worked or under-nourished, are turning to Coco Cod for its blood-building, nerve-strengthening properties—A, B, C and D vitamins.

It is surprising how Coco Cod makes the blood go tingling through your veins, causing you to feel and act years younger. Being in concentrated form, it quickly builds strength and stamina, making you feel alive in every fibre.
